

# Bridging the Gap: Interprofessional Simulation for Doctors and Nurses

The HSC Clinical Education Centre, in collaboration with The Northern Ireland Medical and Dental Training Agency, are delighted to be delivering this Interprofessional Simulation programme.

## Programme overview:

This programme aims to use **interprofessional simulated real-life scenarios** to optimise collaboration, communication and mutual understanding between doctors and nurses.

## Target Audience:

New to Northern Ireland IMT1 and IMT2 doctors.

Band 5 Registered Nurses currently practicing in a hospital-based acute setting.
